OIL EATER

Encapsulates & Breaks Down Oil Contamination

What is Oil Eater:

An environmentally formulated concentrate that is added to reclaim pits and water tanks to help remove oil and petroleum products. Helps break down sludge and other detergent buildup. Keeps pits smelling better and cleaner, improving water quality and performance. Add extra in case of a petroleum leak.

Product Use Benefits:

- Doesn't require agitation.
- Encapsulates oil and petroleum products for easy removal.
- Breaks down buildup on tank bottoms and sewer lines.
- Great for use on spills, line breaks, or just maintenance.
- Safe for use in all water conditions.
- Will emulsify all types of oils, both natural and synthetic.

Physical Characteristics:

Color.....Pink
