2436 TIRE DRESSING

Solvent Based Tire & Trim Dressing

What is 2436 Tire Dressing:

An economical long lasting solvent based tire dressing. This advanced formulation will leave a long lasting deep shine on tires after application. Special silicones will not leave behind a sticky residue, eliminating the buildup of dust and dirt on wheels and tires. Quick leveling and fast drying prevent build up and spotting on surfaces.

Product Use Benefits:

- Economical use formulation.
- Easy leveling.
- Easy to apply through manual or automated applicators.
- Special high gloss formula.
- Will not splatter or run.
- Non flammable.

Application Instructions:

For automated application systems, pull directly from drum making sure pads are not saturated. For manual applications, spray and wipe or apply with a detailing sponge.

Use Recommendations:

- Tunnel Wash Systems
- Automated Applicators
- Detailing

Physical Characteristics:
