POLISHINE

High Foaming Vibrant Triple Foam Polish Plus Polymers

What is Polishine:

A premium high foaming low pH triple foam polish formulated to add surface protection. Deep vibrant foam hangs on vehicle for optimal visual appearance then rinses quickly and easily. Contains special lubricating agents and silconized polymers to help maintain optimal performance of brushes while leaving behind surface protectants. Formulated with **ecco rinse** technology.

Product Use Benefits:

- High foaming for customer appeal.
- Can be applied through foamer or can be applied directly to brushes.
- Vibrant foam clings to vertical surfaces.
- Highly fragrant for enhanced customer appeal.
- Rinses quickly and easily.
- Prepares the surfaces for improved drying in the drying cycle.
- Contains carnauba and polymers to add protection.

Product Use	Ratio	Dilution
Foam Arch Applicator	1:100-1:200	3/4-1 oz / Gallon
