# LUBRICITY

## High Foaming Vibrant Detergent Plus Lubricants

### What is Lubricity:

A vibrant high foaming liquid detergent that provide lubrication and protection to any brush or cloth system to help eliminate scratching and friction. Contains special glycols that keep brushes from sticking or over rubbing surfaces. The high foam is stable and very easy rinsing. As foam runs off, dirt is carried away with it without worry of This product can be applied through a foamer or onto the bristles as a direct lubricant. Compatible with our other wash products. Formulated with *eco rinse* technology.

### Product Use Benefits:

- Neutral pH will not interfere with other products.
- High foam level provides optimum customer approval.
- Contains special lubricating agents for improved performance.
- For use in Conveyor Wash systems.
- Helps prepare surfaces for protectant applications.
- Safe to handle and store.

### Application Dilutions:
