PROTECT

Clearcoat & Surface UV Protectant

What is Protect:

A vanilla clear coat sealer that will provide surface protection and luster to any clear coat surface. Provides enough drying power to be used as a one step product or can be used in conjunction with a drying agent in a double arch system. Will aid in slowing the build up of dirt and road film on the surface.

Product Use Benefits:

- Dries, seals, and protects in one step.
- Provides clear coat protection and shine.
- Can be used as a single step product in most wash systems.
- Great for use in all water conditions.

Application Dilutions:
